1 PACE AWARDS
The PACE program can give scholarships to internship students and will give special awards beginning this year. To be eligible for consideration, students must have first added the certificate program by applying to PACE. Eligible students will receive an email notifying them of the opportunity.

2 READY TO APPLY TO PACE?
On the application to add the certificate you will write a brief essay about your interest in PACE. You will also be asked to include the name and email address of a faculty member who has agreed to recommend you. We will send a link to a short online recommendation to your reference.

If you are ready to add the certificate to your degree, please fill out the application at http://pace.indiana.edu/program/onlineApp.shtml.

3 NEW -- PACE COURSES – BEGINNING FALL 2013
Next month the new fall schedule will be online. Here is a ‘heads up’ about some great opportunities through PACE. We will post the complete list of courses that will count toward the certificate as electives on our website and will let you know when that is completed.

For now, please note these changes to the PACE course line-up:
[Full descriptions will be forwarded and online soon.]

PACE-C 250 Leadership and Public Policy**, 3 cr., Gen Ed S&H.
This new course replaces C210 and C211 in the certificate requirements.
Lisa-Marie Napoli and Carl Weinberg will be teaching C250 classes.
--You cannot earn credit for BOTH C250 and C211 Making Public Decisions.
--If you have already taken only C211, you do not need to take C250.
--If you have taken only C210 Public Leadership, you can enroll in C250 for the fall or spring semester. It is required for the certificate.
PACE-C 295 Citizenship and Careers**, 2 cr. This course is for students interested in the certificate program who have taken an introductory PACE course or who are concurrently enrolled in C250 – ideally second-year students or transfer students new to IUB. It is a requirement for the certificate beginning this fall and is meant for students who have not yet completed their PACE internship requirement. The purpose is to both prepare for the internship and for your own career development and post graduation plans.

After taking this course, students will be ready to find their choice of internship. At least one credit of C410 will be required for the internship, though you may earn up to six hours of C410 credit.

PACE-C 420 Readings and Research – a special 1 cr. class will be offered! Andrew Libby of the IU Service-Learning Program and Rahaf Safi (PACE student and founder of OXFAM-IU) will organize this course – Leadership, Service, and Advocacy: Food Policies and Priorities from Local to Global. More information will be available soon.

**If you have not already done so, please consult Joelene to discuss your priorities for your degree and how to best suit your interests. She will be able to direct you to appropriate resources and possible course choices no matter what your need.
