2. **SUMMER REGISTRATION**
   Would you be interested in taking the core course PACE-C 210 Public Leadership during summer? will use many ‘hands-on,’ experiential learning methods. Students have commented to the instructor, “I thought I knew about leadership, but then after taking this course, I realized how much more there was to know.”
   Open to any interested student during **second 6 week session, June 18 – July 27,**
   How do leaders create change? What is YOUR leadership style? Explore these questions and more. What makes a public leader in America? Who are they and what impact do they have on democratic and civil society? This course looks at leadership through the lenses of theory and practice, providing opportunities for students: to analyze public leadership through readings, films, exercises and discussions; to consider and practice communication and behavioral skills; and to reflect on personal development as the next generation of public leaders. C210 is a core course requirement for the certificate in Political and Civic Engagement, counts as ‘inside the College’ credit for majors in the College of Arts & Sciences, and is a Gen.
