LOCAL POLITICAL ADVOCACY INTERNSHIP (FALL 2016)
Reverse Citizens United (a local political advocacy group) is offering an internship in Bloomington for a bright and energetic student to work with data, contact IU groups for presentations, and other tasks. The group wants to reverse the Supreme Court ruling (Citizens United) that permits unlimited contributions to groups that advertise in campaigns, in the belief that corporate spending on elections works against the common good. The group also plans a march around the Court House on April 16 as part of the nationwide Democracy Awakening day. Contact: Susan Davis, 812-331-2819 or susanbergdavis@hotmail.com

Symposium: Politicizing Disobedience: The Case of Irregular Migration

Friday, April 1, 10 a.m. - 12 p.m.

IMU Persimmon Room

Civil disobedience as a form of direct political action developed within the modern nation-state and involved, for most of its history, the citizens and governments of such states as the primary agents and its public sphere as its primary arena. Today, globalization and the new realities of migration affect not only the aims and strategies but the very structure of civil disobedience. The symposium explores whether irregular migration can be interpreted as a form of transnational disobedience that addresses the potentially unjust and undemocratic character of the existing border regime, politicizing a border regime all too often taken for granted and assumed to be normatively unproblematic. Main Speaker: Robin Celikates, Professor of Philosophy, University of Amsterdam. Comments: Jeffrey Isaac, Rudy Professor of Political Science; Bill Scheuerman, Professor of Political Science. Sponsored by Political Science, International Studies, and the Tocqueville Program.
